SPECIAL NOTICE.

In presenting our Wholesale Catalogue for the Fall of 1896, we wish to thank all our patrons for past favors, and solicit a careful consideration of our very low prices and the completeness of our assortment of Nursery and Greenhouse Stock.

All orders received by us have our personal and prompt attention, and we guarantee reasonable satisfaction in every case, as thousands of unsolicited testimonials now on file fully attest.

We are prepared to offer special inducements to Nurserymen and Dealers buying in large quantities.

With our large storage cellars and packing houses, and a complete system of water works, distributing water to all parts of our packing grounds, we feel that our facilities for the careful and proper handling of Nursery Stock are not excelled by any nursery establishment in the country.

Prices herein are strictly limited to the Fall of 1896.

Our shipping facilities are unexcelled. Bloomington being an important railroad center we are able to forward promptly to all sections. With the Illinois Central R. R., Chicago & Alton R. R., Lake Erie & Western R. R., and the C. C. C. & St. L. R. R. (Big Four), and their branches, we have direct communication with Chicago, St. Louis, Cincinnati, Kansas City, Indianapolis, Dubuque, Cairo, and La Fayette, by daily freight trains without transfer. On account of our unusual facilities we are also enabled to obtain very low freight rates to all points. We ship with flattering results to Australia, Mexico, New Zealand, Nova Scotia, Oregon, Washington, California, Maine, and all the other States in the Union.

We exercise great care to have all articles true to name.

Successors to SIDNEY TUTTLE & Co.,
BLOOMINGTON, ILLINOIS.

GENERAL OFFICE AND GREENHOUSES.

Three-fourths of a mile northeast of the Court House, and one mile south of Normal Station. Electric cars pass the Office between Bloomington and Normal every twenty minutes.

Office, During the Packing Season.—At the Packing and Nursery Grounds at Normal, three blocks southeast of Normal Passenger Depot, or two blocks south of terminus of Bloomington and Normal Electric Street Railway.

Telephone from offices to telegraph and railroad offices.

TERMS AND CONDITIONS.

Terms of Payment.—Cash or satisfactory security, before shipment of stock. All orders to be sent by Express, "C. O. D.," must be accompanied by ONE-HALF THE AMOUNT IN CASH.

Orders and Conditions of Sale.—Please order EARLY, with order legible and separate from body of the letter, with name of Postoffice, County and State, and how you wish packages directed on the ORDER.

Long specified lists are subject to special prices. Needed specifications as to age, size, style, etc., state *on the order*, to save the trouble of referring to previous correspondence.

On all wholesale bills, the choice of varieties must be left to us. Particular varieties named in order furnished as far as practicable. Orders forbidding substitution we fill so far only as we can supply the sorts specified.

Prices.—Prices named rule only when the number specified is taken, but when the order amounts to \$10 or more, 5 will be furnished at 10 rates; 50 at 100 rates; 500 at 1,000 rates.

Packing.—Prices do not include packing. Packing carefully done, in boxes, mostly, sometimes in bales or parcels, for which we charge moderately; for large boxes, 8 or 9 feet by 2½, three of which usually hold 1000 5 to 6 feet apple—\$2.50 each, and in proportion for larger or smaller boxes. NO CHARGE FOR DELIVERING AT RAILROAD, EXPRESS, OR POSTOFFICE HERE. On lots by mail, postage and packing extra. Trees per car load, when loaded in bulk in box cars, no additional charge for loading and packing in car. When flat cars are used and boarded up we charge for additional labor, lumber, and material used.

For convenience of packing, dealers and agents will find our facilities are unexcelled, as we have a large stock of fresh moss, plenty of straw, long hay, etc., and an abundance of water from hydrants distributed through all parts of our packing grounds, so that we feel confident all our customers will realize and appreciate the advantages we offer.

Shipping.—We usually commence shipping in the Fall about October 1.

We prefer parties ordering should indicate the route by which they wish stock sent. In the absence of particular directions, we forward to the best of our judgment; but in no case do we assume any responsibility after consignment to purchaser, unless for our own mistakes. When losses occur by detention en route, claims should be made on the carriers immediately.

INSTRUCTIONS AND SUGGESTIONS.

✉ Direct all letters to PHOENIX NURSERY COMPANY, P. O. Box 1215, BLOOMINGTON, ILL.

Remit by Postal or Express Money Orders, Bank Drafts on New York, Chicago or St. Louis, payable to order of PHOENIX NURSERY COMPANY, or currency by express prepaid.

In writing us, always give your name and full address, including State, county, and postoffice, or if in city, your street and number. Repeat this every time you write us, no matter how often you may have occasion to address us.

We cannot give prompt answers if we have to look over a multitude of letters to find your address.

Roses, Greenhouse, Bedding and all choice and tender plants should be packed separately from trees, shrubs and bulky articles, and sent by mail or express. Write orders for such plants upon separate sheets.

SPECIAL INDUCEMENTS ON LARGE AND EARLY ORDERS. Purchasers by the carload save not only on boxing, but freight agreed through by the carload is usually much less in proportion.

✉ We usually commence packing in the Fall about October 1, but WE PACK AND SHIP SEEDLINGS, APPLE, PEAR, PLUM, AND CHERRY STOCKS, CUTTINGS, CLIONS, ROOT-GRAFTS, GREENHOUSE AND A LARGE ASSORTMENT OF NURSERY STOCK, ALL WINTER.

✉ DEALERS AND LARGE BUYERS, wishing to contract, should apply early, with list of items and quantity wanted. Conditions, rates, etc., can then be furnished.

✉ Those wishing an agency will please apply with references, stating terms on which they wish to handle stock.

REDUCED FREIGHT RATES.

We beg to call your attention to the following **Change** in the **Classification** governing the rates on **Nursery Stock** by the railroad companies comprising the Eastern and Western Traffic Associations:

Nursery Stock in carloads, 5th class rates.

Nursery Stock, boxed, less than carload lots, 3d class rates.

The minimum carload weight has also been changed from 24,000 to 20,000 pounds, which is a large gain to shippers, as it is rarely a carload of Nursery Stock will weigh more than 15,000 lbs.

This classification reduces the freight rates on Nursery Stock from **thirty to forty per cent.**

It is our custom, when sufficient time is given, to obtain through Freight or Express Rates on all Shipments.

✂ One thousand Apple trees, packed for shipment, ordinarily weigh—1 year, 1 to 2 feet, about 400 lbs.; 2 years, 3 to 5 feet, 800 lbs.; 3 years, 4 to 6 feet, 1,400 lbs.; 4 years, 5 to 7 or 8 feet, 2,200 lbs.

To our customers at a distance we would also state that the postal rates on Trees and Plants have been reduced from 16 cents to 8 cents per pound, and can be shipped in any number of four pound packages to one address. We ship a great many root grafts, seedlings, cions, greenhouse plants, etc., in this way.

Delaware Red Winter Apple.

This variety is now fruiting in this section of the State, and it is with much pleasure that we again call attention to it, and trust it will become justly popular in all parts of the country; except, perhaps, in the extreme north, where it may not prove sufficiently hardy to withstand their severe winters. Mr. P. H. Storm, the veteran horticulturist and fruit grower, says of it.

"Having had about fifty years experience in the cultivation of fruit, particularly apples, I have no hesitation in saying the DELAWARE WINTER heads the list. It is a vigorous grower as well as a prolific bearer. It also possesses excellent cooking qualities. Last, but not least, its keeping qualities are far beyond anything else of which I have any knowledge.

I have eaten them the last of August, ten months after they were gathered. No special care had been taken in their preservation. I have known them exposed to climatic influences through the spring and summer, and yet they were well preserved.

They are attractive in appearance, being highly colored, red all over, of large and uniform size. It is without doubt the coming winter apple, for both North and South, as it supplies a long felt need to both nurserymen and consumers."

LUCRETIA DEWBERRY.

The Lucretia Dewberry, the best of the blackberry family, is hardy and very productive, producing an abundance of fruit, remarkable not only for its large and uniform size (many of the berries measuring $1\frac{1}{2}$ inches long by $1\frac{1}{4}$ inches in diameter), but excellent quality as well, as it is rich, sweet, and luscious to the taste, and free from the hard core so common in some blackberries. The color is a glossy, shining black, and the berry ripens here the first week in July. As the plant does not sucker it will be very desirable and much sought after for garden culture, while the trailing habit of the Lucretia will render winter protection very easy in severely cold climates without snow, where that precaution may be necessary. The Lucretia Dewberry has received the endorsement and highest praise from the best horticulturists in the country. It has proved very satisfactory wherever tried, and we recommend it with the greatest confidence. We know our stock to be genuine.

Price, 1 year Each, 15 cts.; per 10, \$1.00; per 100, \$2.00; per 1000, \$10.00

***ROOT GRAFTS—[Order Early.]**

 **LARGEST STOCK AND ASSORTMENT IN THE UNITED STATES.** 

Our Season for Making Root Grafts Closes March 1st.

Root Grafts are Cions and Roots grafted and tied together, ready for planting in nursery rows. Orders for special lists of sorts  **PLEASE SEND EARLY**, with one-fourth cash with order, balance before shipment. This is very important to secure best grafts and your selection of sorts, as we take special pains in cutting and putting up cions for early orders. *Please don't forget this.* No extra charge for packing. Even 50's or 100's of each sort will be put up at the following prices. For smaller or broken lists, prices will be given on application.

CLEMATIS.

All hardy. Home grown. On own roots.	EACH.	10	100
Alexandra —Very free blooming, pale reddish violet color.....	\$0.50
Coccinea —Bright scarlet has been a color hitherto unknown in Clematis, but in this sort we have that color which, when placed in contrast with the blue, purple, and white kinds, has a most striking effect. It is equally hardy as the other well-known sorts. 2 years.....	.25	2.00	\$15.00
Duchess of Edinburgh —Double white, of vigorous habit, free bloomer, very fragrant. 2 years.....	.50	4.00	35.00
General Grant —This excellent new Clematis originated in this city. It is supposed to be a hybrid of Veitchia Purpurea, and Gem. Growth very strong and vigorous. Very hardy. Large flowers of the Henryii type. Petals well rounded. Of the brightest velvety reddish purple, shaded with bright red. This is the first new American Clematis, of extra fine merit, and undoubtedly new shades of color, in large flowering Clematis. It has been tried here for five years, and has proved to be unusually hardy and free blooming. 2 years.....	1.00	7.50
Gem —The flowers are of a deep lavender blue, perpetual bloomer, 2 years.....	.50
Gipsy Queen —Rich, bright dark velvety purple; very free, late flowering. 2 years.....	.50	4.00	35.00
Henryii —New, and one of the best perpetual hybrids, of robust habit, and very free bloomer. The flowers are large, white, and very showy. 2 years.....	.50	4.00	35.00
John Gould Veitch —Sent from Japan in 1862. The flowers are very handsome, distinct, large, double, and of a light blue or lavender color. It is like Fortunei, except in the color of the flowers June and July. 2 years.....	.60
Jackmanii —Deep violet purple, flowers produced in masses; one of the best, especially for bedding. 2 years.....	.50	4.00	35.00
Jackmanii Alba —Without exception this is the best hardy climbing plant that has been sent out for many years. It has all the characteristics of Jackmanii, being free blooming and as vigorous. The flowers are nearly pure white, and make a fine contrast when planted near Jackmanii. It has been tested for years and has always won favor wherever shown. Strong plants, 2 years.....	.50	4.00	35.00
Lawsoniana —A hybrid variety, showy and free, with very large, beautiful rosy purple flowers. 2 years.....	.50	4.00
Lanuginosa Candida —Large, white-tinted lilac; very fine. 2 years.....	.60	5.00
Lucie Lemoine —New, flowers white, double, large and well formed, composed of 75 to 90 sepals; very showy. 2 years.....	.50	4.00	35.00

CLEMATIS—Continued.

	EACH.	10	100
Madame Edouard Andre —A new French variety, entirely distinct and most novel. The nearest approach to a bright red yet produced. This Clematis was exhibited at the World's Fair, Chicago, in the French Department, and attracted great attention, owing to the brilliancy of its flowers. The plant is a strong, vigorous grower, being a hybrid of the popular Jackmanii variety, which it resembles in freedom of bloom, strong, vigorous growth, shape, and size of flowers. 2 years.....	\$1.00	\$ 9.00
Paniculata —New. A strong, vigorous grower; very free flowering. Pure white. Unusually fragrant. 2 years.....	.30	2.50	15.00
Star of India —A very showy, very free flowering sort, with large flowers, first of a reddish plum color, changing to a violent purple, with turkey red bar in the center of each flower leaf. A distinct variety of great merit. July to October. 2 years.....	.50	4.00
Sir Garnet Wolseley —Bluish ground; effective dash of bronze, with a distinct bar of plum red. 2 years.....	.50	4.00
Velutina Purpurea —Blackish Mulberry color; very strong grower and free bloomer. 2 years.....	.60	5.00

GREENHOUSE AND BEDDING PLANTS.

ROSES, HARDY AND TENDER BULBS, ETC.

Thirteen Houses for plants and propagating purposes, give us unusual facilities; so we can truly say our plants are in most splendid health and vigor, of the best size and shape for packing, and put up in the most approved style for safe transit. They are usually sent by express, for which there are excellent facilities at this point.

Where practicable, small plants will be sent by mail, cost of postage added; we shall, however, send all packages by express at purchaser's expense, unless specially ordered otherwise. The advantages are obvious. Larger and better plants can be shipped, and they usually arrive in better order, with fibrous roots intact, ready at once to sustain life. By mail, more or less soil is removed, unavoidably breaking roots, compelling the plant to make new roots, which it does quickly if conditions are favorable, or lingers for days or even weeks before it starts, much to the annoyance of the purchaser, who, no doubt, frequently exclaims, "I wish I had taken their advice and had sent them by express." With our many years of experience, we claim to be as successful in sending by mail as any. It is, however, the unanimous verdict of all florists, that expressing has many advantages over plants sent by mail. Plants or bulbs of a bulky nature will, in all cases, be sent by express or freight. Extra plants will be added to cover expressage.

Purchaser's selections gladly allowed, and the choice new varieties usually included in sets of tens, as far as practicable, without extra charge.

We cannot afford to fill orders for less than \$1.00 at the prices named herein.

ROSES.

We make the growing of roses a specialty. Our list of varieties has been carefully selected so as to include only the very best. We are constantly buying the newer varieties, and after giving them a fair trial, discard such as are not found worthy of cultivation and of distinct character.

New Roses and Roses of Special Merit.

American Beauty—Hybrid Perpetual. An excellent hardy Rose for permanent planting. Fully equal to General Jacqueminot in hardiness. Larger in size of bloom. Very double and of a fine crimson pink. Also considered the finest red rose for forcing, and always bringing the best price in the largest flower markets.

------------------------	-----	-----	------

Belle Siebrecht—A truly superb Rose, the result of a cross between "La France" and "Lady Mary Fitzwilliams." Color, imperial pink. The flowers, which are sweetly perfumed, are large, beautifully formed, and of that long, tapering shape, with high center, and when half blown, the petals reflex in a graceful manner. The buds, which are borne on strong, erect stems 1½ to 2 feet long, are 2½ to 3 inches in length, and when fully open the flowers are 5½ to 6 inches in diameter, without showing the center. The flowers are of great substance. The petals which are of a heavy texture, do not easily bruise or tarnish. It is a free and vigorous bloomer, with large and glossy foliage of leathery texture, entirely free from mildew. A most prolific bloomer, every growth producing a perfect flower. We have fully tested this Rose since spring, 1895, and can truly say that we are fully satisfied with it. One of its best qualities is that it holds its color after cutting.
